Career Objective

Motivated B.Tech Computer Science student seeking an entry-level opportunity in the IT sector to apply my technical knowledge, problem-solving abilities, and programming skills. Eager to learn new technologies, contribute to organizational goals, and grow professionally in a dynamic IT environment.

Education

Bachelor of Technology (B.Tech) – Computer Science and Engineering [2023 – 2027]
DRK Institute of Science and Technology
CGPA: 8.04

Intermediate (12th Grade) [2021 – 2023]
Sri Aadarsh Junior College
Percentage: 95%

Secondary School (10th Grade) [2020 – 2021]
Kakatiya High School
Percentage: 100%

Skills

- **Data Analysis:** Microsoft Excel, SQL, Python, Pandas, NumPy
- **Data Visualization:** Power BI, Excel Dashboards, Matplotlib
- **Database:** MySQL
- **Programming:** Python
- **Tools:** Git, GitHub, Visual Studio Code

Projects

Student Career Guidance System using Machine Learning

- Developed a system that provides personalized career recommendations based on students' education, skills, interests, and career preferences.
- Applied machine learning techniques to analyze student information and generate suitable career options and skill recommendations.
- **Technologies:** Python, Flask, HTML, CSS, JavaScript, Machine Learning
- **Purpose:** Helps students identify suitable career paths, required skills, courses, and job roles.

E-Commerce Sales Analysis Dashboard | *Microsoft Excel*

- Analyzed 100 e-commerce transactions to identify sales trends and business performance.
- Created PivotTables and charts to analyze sales by category, city, payment method, and month.
- Calculated key KPIs including total sales, total orders, total quantity sold, and average order value.
- Used Excel formulas, PivotTables, charts, and dashboard visualization to present data-driven insights.

Internship

Python Programming Intern June 04, 2026 – July 04, 2026
Kodbud

- Completed a Python Programming Internship with practical exposure to Python programming and problem-solving.
- Worked on programming tasks and applied Python concepts to develop programming-based solutions.
- Strengthened understanding of Python programming fundamentals through practical assignments and project work.

Certifications

- **Data Analytics Certification** – One Roadmap
- Python Programming Internship Completion Certificate – Kodbud
- Google Quiz Off Certificate
- TechTrek-2025 – Web Craft Certificate, DRK Institute of Science and Technology
